

Xenon Convenience Kits

Biodex Xenon Convenience Kits™ bring together all the components needed to complete a single xenon study. Xenon can be administered via direct dose administration, that conveniently luer locks without the use of a needle; or by injection port, which requires a syringe needle. Easy to use, simple to order and disposable, Biodex Xenon Convenience Kits™ are more than a bargain, they are a sensible and time-saving investment. In fact, our complete kits can prolong the life of your xenon charcoal traps by ensuring that the pre-filled Drierite cartridges are fresh for every scan while the pre-filled Soda-Lime (CO2 absorber) cartridges eliminate possible breakdown of granules that can lead to a clogged system and hinder patient air flow.

Xenon Convenience Kits™ with Air-Cushioned Face Mask

- 132-698 Convenience Kit, Face Mask
Includes Bacteria Filter
- 132-681 Convenience Kit, Face Mask
Includes Bacteria Filter and Ultra-Flex Tubing (shown)
